The Ocala Bauner is making a desperate offort to defend the iniquitous divorce law recently passed by the legislature. Brethren of the press forgive Brother Harris, and pray for him .-Gainesville News.

Is our good brother going to let the governor and the legislature escape? We want it understood that the editor of the Ocala Banner is not a monopolist, and as much as he appreciates its efficacy, has no desire to monopolize even so good a thing as prayer.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by the Anti-Monopoly Drug Store.

A ferocious assault is being made on the legislature, anent what is known as "Flagler's diverce bill " It is probably justified in a way on high moral grounds, but it is a queer thing to see a state wake up so suddenly to the enormity of being a slave to Flagler. Scarcely a day has passed since he came into Florida that Fl gler has not done worse and more atrocious things than cause a legislature to pass a divorce law that suited his particular case, but all the people who are now howling him down were silent-unless they were shouting honors to Flagler for his work in developing the state. He has had many pavice. The soles, inside and out, and | pers at his feet, so to speak, and he has been a little tin god on wheels to an army of politicians.

> And now, for a very trivial offense, a matter of small import, he is being lashed and cursed from Dan to Beersheba. On the matter of divorce the Herald takes the old South Carolina attitude. There is no sufficient cause for the courts to undo the m-rriage tie. But if it is once granted that divorce is right and defensible and ought in some cases to be granted, there is no more sufficient cause than incurable insanity. The only men who can consistently attack Flagler are the men who do not believe divorce warrantable under any circumstances. Other men employ courts. He-at the worst and if all said is true-only changed the channel of relief and secured the services of a legislature

> What is amazing about the whole matter is that Flagler could be flagrantly guilty of monopoly, of controlling politics in the interest of his wallet, of driving men out of business and depriving them of the opportunity of making an lionest living, and indeed a whole category of offenses of this description, and few of these now indignant people raised a whisper of protest. Indeed, most of them defended him when papers like the Herald raised a question of his righteousness. It is very funny .-Tampa Herald.
